CURRICULUM VITAE

Personal data

Birth date May 6, 1951
Place Torino, Italy
Family status Married to Giuliana, an English teacher.
They have a 14 year old daughter named Luisa.
Speciality Specialist in rehabilitation of subjects who suffered severe brain damage. He has been working for over 20 years in this field, at a rehabilitation facility with inpatients and outpatients services.

Education

1970-1976 Medical School at Torino University
1977-1979 Specialty in Cardiovascular Diseases at Torino University
1980-1982 Specialty in Rehabilitation Medicine at Milano University
1983 Research fellowship on Aphasia at Pisa University
1984 Research fellowship on Neurobehavior at Boston University (VA Hosp)

Conference organization

1988 National Conference on Head Trauma in the Elderly with Prof. Pagni in Torino, Italy
1989 International Seminar on Neuropsychological Rehabilitation with Prof. Kaplan in Padova, Italy
1993 National Conference on Rehabilitation of Traumatic Brain Injury in Torino, Italy
1996 National Conference on Neuropharmacology and Rehabilitation with Prof. Monaco in Aosta, Italy
2001 International Brain Injury Association 4th World Congress in Torino, Italy

Academic affiliation

1994-1995 Teacher of Seminars on Aphasia for Neurology Residents at Torino University
1998-2002 Professor of Neurological Rehabilitation at Novara University
2000 Teacher at the Master in Cognitive Rehabilitation at Genova University.
1999-current Teacher of Neuropsychological Rehabilitation at Torino University
1999-current Professor at the Master in Neuropsychology at Seville University, Spain

International membership

1993-2001 Vice-President of International Brain Injury Association
2001-current President of International Brain Injury Association
1993-current Board Member of the European Brain Injury Society
1998-current Member of Euroacademia Multidisciplinaria Neurotraumatologica
2001-current Member of the International study group for QoL after TBI
2003 Founding member of the World AMN (Academy for Multidisciplinary Neurotraumatology)

Publications in summary

68 Scientific papers on Italian journals and book chapters on various topics in neurological and orthopedic rehabilitation (stroke, multiple sclerosis, parkinsonism, paraplegia, pharmacology, TBI, etcetera)

Scientific posters, papers and chapters in English

1. "Parkinson's disease: a practical rehabilitative approach" Poster presentation at International Congress on Restorative Neurology in Venice, May 1983
2. "Spasticity inhibition by cortical control" Poster presentation as above, 1983
3. "Closed head injury: the problem, the pathology, the consequences defined" *Functional Neurology*, 4, 105-108, 1988
4. "Pathology of communication in closed head trauma: a review" *Functional Neurology*, 4, 87-90, 1988
5. "Persistent vegetative state after severe head trauma" Poster presentation at IRMA International Congress in Madrid, June 1990
6. "A case of peripheral dysgraphia" *It J Neur Sc*, 12, 123, 1991
7. "Is rehabilitation worthwhile and ethically appropriate...? Panel discussion" in *Brain Injury and Neuropsychological Rehabilitation*, 307-315, Erlbaum Publ 1994
8. "Long-term psychosocial outcome in severe TBI subjects" *Acts of International Congress on severe TBI*, Parma, October 1994
9. "A single-case study of ideomotor-apraxic dysgraphia" *Aphasiology*, 9, 3, 283-94, 1995
10. "TBI rehabilitation in Italy" *Acts of ICRAN International Congress*, Rimini, Sept 1996
11. "Neuropharmacological treatment following TBI: problems and perspectives" in *Neuropsychological rehabilitation*, St. Lucie Press, 1997
12. "Acquired brain injury physical rehabilitation", same as above, 1997
13. "Mobility, awareness, social integration: 3 key factors in the long-term outcome of TBI" *Acts of 2nd IBIA World Congress*, Seville, Spain May 1997
14. "The EBIC: a study on TBI subjects following rehabilitation", same as above, 1997
15. "Agrammatic speech production after a right cerebellar haemorrhage" *Neurocase*, 3, 357-380, 1997
16. "International certification for BI rehabilitation specialists" *NeuroRehabilitation*, 11, 101-106, 1998
17. "Neuropsychological rehabilitation and return to work after TBI: an Italian experience" *Brain Injury Source*, 4, 2, 26-28, 2000
18. "The need for national and international standards in the field of BI rehabilitation", *Brain Injury Source*, 4, 2, 30-33, 2000
19. "Mood and behavioral disorders following TBI" *Brain Injury*, 15, 2, 139-148, 2001
20. "Comprehensive rehabilitation, a new paradigm" *Acts of 4th IBIA Congress in Torino*, May 2001
21. "Comprehensive rehabilitation of TBI" CD-ROM chapter of *Practice opinions in neurorehabilitation*, published at WFNR Intern. Congress in Venice, April 2002
22. "Relationship between functional outcome and neurobehavioral impairment after TBI" *Acts of 6th EMN Congress*, Moscow, May 2001
23. "Predictive factors for driving fitness after severe TBI" *Acts of 7th EMN Congress*, Newcastle, June 2002
24. "Rehabilitation of severe BI in Italy: the GISCAR study, preliminary results" *Brain Injury*, 17(1), 168, 2003
25. "Perseveration: is it always perseveration?" *Brain Injury*, 17(1), 160, 2003.
